In the Claims

Please amend the claims as follows:

1-3. (Cancelled).

4. (Currently Amended) ~~The composition of claim 1, wherein said composition is in~~
A tablet for the prevention or delay of the onset of side effects associated with alcohol
consumption or the reduction or alleviation of said side effects, wherein said tablet
comprises activated charcoal and limestone form.

5. (Cancelled).

92 6. (Currently Amended) ~~The composition of claim 1, wherein said composition is in~~
A capsule for the prevention or delay of the onset of side effects associated with alcohol
consumption or the reduction or alleviation of said side effects, wherein said tablet
comprises activated charcoal and limestone form.

7. (Currently Amended) The tablet composition of ~~claim 1~~ claim 4, further
comprising a re-hydrating agent.

8. (Currently Amended) The tablet composition of ~~claim 1~~ claim 4, further
comprising an agent capable of reducing alcohol dependency.

9. (Currently Amended) The tablet composition of claim 8, wherein the agent
capable of reducing alcohol dependency comprises ~~Olanzapine~~ olanzapine.

10-14. (Cancelled).

15. (Original) A method of alleviating the deleterious effects of alcohol
consumption comprising administering to a subject a composition comprising activated
charcoal and limestone.

16. (Original) The method of claim 15, wherein the limestone comprises activated limestone.
17. (Original) The method of claim 15, wherein the composition further comprises vitamin B1.
18. (Original) The method of claim 15, wherein activated charcoal is provided in an amount of about 5 to 15 milligrams of charcoal per kilogram of body weight of said subject.
19. (Original) The method of claim 15, wherein the composition is capable of inducing relief from the deleterious effects of alcohol which is greater than the relief provided by administration of activated charcoal alone.
20. (Original) The method of claim 15, wherein the composition is provided in tablet form.
21. (Original) The method of claim 15, wherein the composition is provided in encapsulated powder form.
22. (Original) The method of claim 21, wherein the composition is encapsulated in a gelatin based capsule.
23. (Original) The method of claim 15, wherein the composition is administered in conjunction with an alcohol abuse treatment.
24. (Original) A tablet comprising between about 100 and 800 milligrams of a composition comprising activated charcoal and activated limestone.
25. (Original) The tablet of claim 24, wherein the tablet comprises between about 100 to 500 milligrams of said composition.
